

## Best Curly Haircut

Curly tops who are tired of frizzy, unmanageable hair might want to spend some time in the chair at Capella Salon in Studio City. The salon, run by Shai and Nicole Amiel, has perfected working with curly hair. Their team of curly hair specialists are certified by Devachon Salon in NYC to cut curly hair the Deva Way, with specialized products made for removing the chemicals from past treatments and moisturizing the bouncing beauties. They also can provide curly hair care tips, like don't towel dry curls, since that creates friction, which leads to frizz. Instead, they recommend using paper towels or an old T-shirt.

Of course, Capella Salon also offers basic cuts, color, extensions, etc., as well as skin care services. 12816 Ventura Blvd., Studio City; 506-1450; [www.capellasalon.com](http://www.capellasalon.com).—Rob Levine
